

Preparing To Win!

- . **JOB SECURITY**
- . **PENSIONS**
- . **BENEFITS**

Your IAM Negotiating Committee is working hard at the table, and you're working hard in the shop to convince management that we are serious about negotiating a fair contract.

But if Management Forces a Strike, WE ARE PREPARED!

Below us is a 6 day schedule of picket assignments. This schedule would REPEAT at the end of the 6th day. Each member is assigned picket times for their work location based on their last name and current shift. Picketing would occur at the South Road entrance (access from Rainbow and RT 20) Members should report to the Union Hall at least 15 minutes prior to their assigned time. If you have ANY questions or concerns see any union rep in your area.
